

## MRS. BLACK IS FIRST WITNESS IN RAID TRIAL

Wife of Plaintiff in Court Action Tells of Husband's Disposition

The case of John M. Black, incompetent, by Lillian Black, guardian, vs. A. E. Rector and others, which is being tried by Judge Byron E. Park of Stevens Point, was under full headway when court adjourned at noon. Mrs. Black was on the witness stand and was being cross examined by Attorney P. H. Martin of Green Bay. The attorneys occupied an hour in their opening statements to the jury, that of the plaintiff being made by Attorney Walter Corrigan of Milwaukee and that of the defendant by Attorney P. H. Martin of Stevens Point. Each was given the history of the case and dwelt in detail upon what they expected to prove.

Mrs. Black was the first and only witness called in the morning. She took the stand at 10 o'clock and her direct examination conducted by Attorney Corrigan occupied an hour and a half. She was questioned at length upon the visit paid her husband on the night of Oct. 12, 1918 and the effect it had upon his mind.

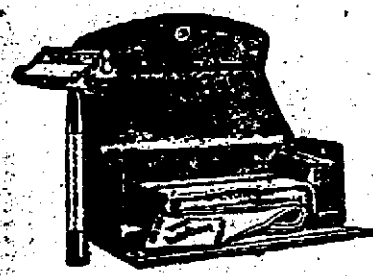

**REFUSED TO ANSWER**  
In opening the cross examination Attorney Martin brought out that the witness refused to answer many of the questions asked her upon the taking of a deposition taken before Court Commissioner L. Hugo Keller until instructed to do so by her attorney. She was also instructed to do this over and sign the deposition, but this she also failed to do. She admitted on cross examination that her answers contained nothing but the truth.

Mrs. Black said her husband had a jovial and pleasant disposition and when questioned on cross examination as to what he had recalled the Literary Digest, Independent, and Ladies Home Journal, Attorney Martin then inquired if her husband had ever lost any cattle or horses by getting mixed and received an affirmative answer. She did not recall of his ever having trouble with the traction company or with his neighbors.

The witness said her husband never went out very much or mingled with the neighbors to any great extent. As to hearing voices telling him to do this or that she said she could not say. She admitted however that he thought he heard voices downstairs.

## City Votes Big Majority For Bridge At Cherry-St.

(Continued from Page 1)

Cherry-st. and the Sixth ward favored the same location by a 3 to 1 majority.

Women showed a great interest in the controversy, casting 473 of the 1,461 votes. Ballots voted by men totaled 888.

**REPRESENTATIVE VOTE**  
Most of the Fourth ward votes cast for the Cherry-st. site came from persons living in the western end of the ward. They were very much in favor of the Cherry-st. plan.

The vote was representative of every class in the city. Ballots were cast by workmen, manufacturers, teachers, ministers, merchants, professional men and retired farmers. On Saturday a number of manufacturers, desiring to learn the sentiment of their men, printed copies of the ballot appearing in the Post-Crescent and distributed them among their employees with the request that they be filled out, signed and returned. These ballots were included in the totals compiled by this paper. The Post-Crescent did not ask that these ballots be printed and did not know they were in circulation until they were delivered at this office. The mere fact that they were distributed, however, indicates the interest which was taken in the location of the bridge.

All the ballots, with the tabulation and a description of the referendum, have been sent to the Wisconsin highway commission. This was the only opportunity which Appleton people have had to express their opinion as to the location of the bridge and it is believed that the commission will be guided to a large extent by the vote. Here is a tabulation of the vote, showing how each ward voted on the bridge location:

## NORTH DAKOTA MAN TO TELL HIS SIDE OF LEAGUE STORY

Appleton People Given Opportunity of Hearing Another Talk on Nonpartisans

Usually there are two sides to every question and in order to be well informed it is well to hear both sides. Last Sunday evening Appleton people had an opportunity of hearing the Nonpartisan league explained by one of the leading advocates of its system and its methods—Lieut. Gov. George F. Comings of Wisconsin. It is not more than right that the other side of that very important problem shall be presented to the people of this city.

With that thought in mind the program committee of the People's Forum has secured Dr. H. Garfield Walker of Devils Lake, N. D., to present the anti-league argument next Sunday evening in Lawrence Memorial chapel. Dr. Walker is an Episcopal minister and was one of the principal speakers in the recent successful campaign of the Independent Voters league against the Nonpartisan league. He has spoken in several Wisconsin cities and his lectures are regarded as among the most powerful ever delivered against the league. Leaders in the anti-league movement in North Dakota give a large share of the credit for success of the recent campaign to Dr. Walker.

The meeting is to open at 7:30 with a brief musical program. The speaker will begin at 8 o'clock. In order to defray expenses of the lecture a

## ASSIST DRIVE FOR MEMORIAL FUNDS

Town of Maine People Hear Addresses by Appleton War Veterans

George and Robert Merkel, representing Oney Johnston, post of the American Legion, assisted in the social event given by a group of ladies of the town of Maine in Mills hall, Oney, Monday evening to swell the fund with which a soldier memorial monument is to be purchased.

George Merkel gave a talk following a chicken pie supper served by the ladies, in which he commended the work already accomplished and urged those present to contribute more liberally toward this memorial, which would be appreciated more in future years. Mr. Merkel also explained recent legislation on soldier memorials and told the former service men about the indigent soldier fund law.

There was a record attendance and it is believed that about \$100 was added to the monument fund. A dance and sale followed the supper.

silver collection will be taken. The cost of the lectures averages between \$75 and \$80 and all the money to meet these expenses must come from the collection.

## How to Banish Piles

Thousands Bless Dr. Leonhardt, the Physician Who Discovered This Common Sense Remedy

If you think that the surgeon's knife is the only method of escape from the misery of piles, it's because you haven't heard of the new treatment known as Dr. Leonhardt's HEM-ROID. The Doctor's treatment is internal. By experimenting for years he discovered the exact cause of piles and then went further and compounded a remedy that would remove the cause.

Dr. Leonhardt wants every sufferer to benefit by his discovery and so that there will be no doubting or delay Schilintz Bros. Co., Appleton, Wis., and all druggists are authorized to sell HEM-ROID with guarantee that it will do as stated or money back. On that honorable basis every sufferer should secure a package of Dr. Leonhardt's HEM-ROID today.

## BALLARD INSISTS ON A GRAND JURY

Wants Appropriation to Cover Expense of Investigating County Affairs

The calling of a grand jury to investigate certain county matters was revived at the meeting of the county board Monday afternoon when C. B. Ballard introduced a resolution calling for an appropriation with which to defray the expense. He said the reason the grand jury had not been called was because of no appropriation having been provided therefore. The resolution was laid over until Tuesday.

Dist. Attorney F. V. Heinemann was opposed to the resolution, and said the appropriation would be a needless expense to the county. He suggested a course that could be pursued by anyone having knowledge of any wrong doing on the part of a county official without the calling

of a grand jury and at less expense for bringing him into court.

Mr. Ballard read the status concerning grand jury appropriations and said it was mandatory upon the county board to provide such funds ranging from \$200 to \$1,000.

Miss Florence Torrey returned from Wausau Monday, where she attended the state Older Girls Sunday school conference held in that city. More than 400 girls from all parts of the state were in attendance.

## ROBBERY SUSPECT IS UNDER ARREST HERE

Appleton police officers have arrested W. D. Hawthorne alleged to be implicated in the robbery of a depot at Wisconsin Rapids a few days ago. Hawthorne had been in Appleton for a few days and the arrest was made by Detective Schmittler. Sheriff Miller of Wisconsin Rapids, took charge of the prisoner. Tuesday afternoon and returned with him to the scene of the robbery.

From your Heating Engineer  
THINK of it this way.

Every winter that you shiver in an ill-heated home is a winter lost.

Why not decide right now before Christmas that she shall have the finest gift imaginable—a home warmed all over just as perfectly as the larger heating plants of this company warm the White House itself.

She can have this comfort as a gift from your Heating Engineer. ARCOLA is a gift in a very real sense. It pays for itself in the fuel it saves!

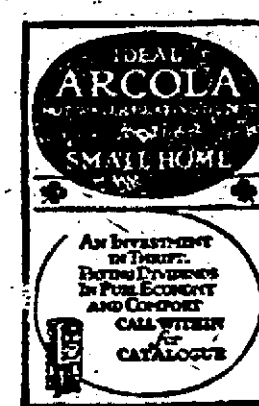

There is still time. Your Heating Engineer can have ARCOLA installed, filling your home with healthful, hot-water heat, before Christmas morning.

A quiet, scientific workman will come and put ARCOLA to work, leaving nothing but happiness behind.

Comfort is worth having! One-third of your fuel is worth saving! For her sake see your Heating Engineer today.

The red and yellow card at the right is the sign of a Heating or Sanitary Engineer (you used to call him Steamfitter or Plumber) who can show you ARCOLA. Look for it in his window.

It will pay you to consult him twice a year as you do your Doctor or Dentist. His report on your heating and plumbing costs little. It may save much.

# Clubs and Parties

**Thursday Afternoon Club**  
A pair of rubbers is the passport for the meeting of the Thursday afternoon social club this week if the weather permits an out of doors meeting. The plan of the meeting is a "mystery hike," with the first group leaving the clubhouse at 3 o'clock to be followed at 3:15 by the remainder of the club. All sorts of surprises will lie in wait for the pursuers between the clubhouse and the destination of the hike.

Should the weather make the outdoor meeting impractical, the members of the club will assemble at the clubhouse and a meeting place near at hand will be provided. Any young married women who may find it convenient to join a club for Thursday afternoon are invited to join this one. Any girls who are free on this afternoon are urged once more to join.

**Glee Club Meeting**  
"To sing or not to sing, and if to sing, when to sing," are the momentous questions to be decided at the meeting of Appleton Women's Club Glee club at 7:15 Wednesday. The attendance of the songsters has been so temperamental that it is doubtful whether the club will be continued. If those who attend the meeting Wednesday decide to retain the club, the director will begin work at once on the Christmas carols which the club will present at the Christmas dance. Elaborate plans are being made for the street scene of Christmas choristers and revelers which will be put on during the intermission of the dance, Dec. 18.

**Campus Club Meeting**  
The Campus club, whose membership includes the wives of Lawrence college professors and the women on the faculty, will have its December meeting in the Carnegie library Saturday afternoon. The hostesses are Mrs. A. A. Trever, Mrs. J. H. Farley, Mrs. Edith A. Wright, Mrs. E. H. Warner, Mrs. H. D. McChesney, Miss Alice Beach, Miss Eva Fillmore and Mrs. H. C. Cooley. Mrs. Cooley is chairman of the program.

**Japanese Exhibit**  
The Student Volunteers of Lawrence college, comprising those students who have signified their intention of going into missionary work, will conduct a three day Japanese exhibition beginning Thursday. The display of Japanese handwork, stationery and prints will be placed in the lecture room of the art department on the second floor of Carnegie library.

**Wedding Anniversary**  
Mr. and Mrs. Jacob Weiland were given a surprise party Sunday afternoon by a group of friends in honor of their fifth wedding anniversary. Among the guests were Mrs. J. B. Weiland, Mr. and Mrs. Henry Eichinger and sisters Anna and Theresa, and Mr. and Mrs. John Pauley and Mr. and Mrs. John Weiland.

**Legion Auxiliary**  
The Women's auxiliary of Oney Johnston post of the American Legion will meet at 12 o'clock Thursday noon, Dec. 1, for a basket luncheon. The business meeting will be held at 2 o'clock, at which delegates to the recent national legion convention in Kansas City will give reports. A short program will follow.

**Green Bay Masons Coming**

**Fortnightly Club**  
Mrs. J. L. John will be hostess to the Fortnightly club at her home, 444 Alton-st., Wednesday afternoon. A sketch of John Masfield and a reading of his story, "Daffodil Fields," will be given by Mrs. H. L. Post.

**Miss Koepke Entertains**  
The regular meeting of the L. P. G. club was held Monday evening at the home of Miss Irene Koepke, 892

North Division-st. Sewing and a social hour followed the short business meeting. Miss Gertrude Kettenhofen will be hostess to the club next week at her home, 1181 Elsie-st.

**Two Rehearsals Weekly**  
Rehearsals for the male character play "Fakely Accused" to be presented in December by the men of St. Aloysius Young Mens society of St. Joseph church, will be held every Tuesday and Thursday evening in St. Joseph hall. A meeting of the cast was held Monday evening and the rehearsal nights were decided upon. The play was read in order that the characters might become acquainted with the plot.

The play is one of English setting and the costuming of the cast will have much to do with its success. Joseph Heinskill, Matt Schaefer, Sylvester Stingle, Peter Langenberg and Ray Fink are among those who have leading parts.

**Mission Society Meeting**  
A meeting of the Women's Missionary society of Trinity English Lutheran church will be held at 2:30 Thursday afternoon at the home of Mrs. Gustave Tesch, 1039 Atlantic-st. The topic of discussion is "The Christian's Relation to the Jew."

**Lady Eagles Party**  
The regular meeting of the Lady Eagles will take place at Eagle hall at 2:30 Wednesday afternoon. The Lady Eagles will entertain at 8 o'clock Friday evening at an open card party at which cash prizes will be offered to schafkopf winners.

**Directors Hold Meeting**  
The regular monthly meeting of the board of directors of Appleton Women's club will take place at 4 o'clock Thursday afternoon. All members are urged to be present to ratify action taken at the special board meeting called during the month.

**Birthday Party**

The Wanda's club met at the home of Miss Alma Tuchscher, 322 College-ave., Monday evening. The guests sewed during the evening.

**Motorboat Club Luncheon**  
The Appleton Motorboat club will hold a luncheon and meeting Thursday evening in the club rooms on River-rd.

## HELP LEGION BOOM EDUCATIONAL WEEK

By order of the directors of the chamber of commerce, President Luther G. Graef appointed a committee of five to work in conjunction with the American legion on the American Educational week campaign inaugurated by the legion. Those on the committee are: Prof. Lee C. Rasey, representing the high school, Alfred C. Bosser, the legion, Prof. Francis M. Ingler Lawrence college, Rev. F. L. Schreckerberg, churches and John H. Ideel, press.

The committee will further the work of the campaign in those places which they represent, and will probably appoint others to assist them.

## THE STAGE

**Fiske O'Hara**  
The genial Fiske O'Hara is coming to town and will dispense good cheer and happiness on the stage of the Appleton Theatre on Wednesday in his latest success "The Happy Cavalier," a romantic story in four acts. The more one sees of Fiske O'Hara and his cheerful features, the easier it is to imagine Fate saying on the star's entry into life "Thou shalt be an actor-singer and be much beloved." The usual casualties among feminine hearts, young and old, may be looked for at the theatre on the above named day. As a love story "The Happy Cavalier" is said to be magnificent, graceful, sprightly, almost delicious in its dialogue and action. It is a tale about which one is tempted to write ecstatically. Mr. O'Hara is said to play the role of Barry O'Brian in a very convincing manner and never fails to rouse his audience to a rare pitch of enthusiasm with his splendid portrayal. His new songs never fail to captivate his hearers.

## NO DIFFICULTY IN SELECTING JURY TO HEAR BLACK TRIAL

**Attorneys Want to Know if Jurors Objected to Liberty Loan Drives**

A jury to try the noted case of John M. Black against Stephen O. Baillet, Dr. A. D. Rector and other Appleton men, involving alleged midnight raids in the fourth Liberty loan campaign, was selected in circuit court after two hours of questioning Monday afternoon. The jurors are Alvin Plectz, Kaukauna; William A. Kramenzsch, Appleton; John E. Appleton, Kaukauna; Fred Densch, Kaukauna; Frederick Hurst, Kaukauna; Walter E. Daniels, Seymour; Burt W. Burmeister, Appleton; Thomas Briscoe, Black Creek; John F. Johnson, Appleton; James Nelson, Kaukauna; Carl A. Hipp, Appleton; George A. Hass, Kaukauna.

A small party of lawyers is taking part in the trial. Attorneys for the plaintiff are Corrigan and Kallinski of Milwaukee, while the defendants are represented by Martin, Martin and Grogan of Green Bay, Rooney and Grogan, F. S. Bradford and J. P. Frank of Appleton. The case is being tried before Judge Byron B. Park of Stevens Point.

Because of the nature of the case prospective jurors were asked if they objected to the selling of Liberty bonds during the recent liberty bond selling campaign. None, however, said they were not in sympathy with the bond campaign to further our cause in the World war. Others were asked if they belonged to the Nonpartisan league.

Some of the men were barred from serving because of their knowledge of the case and because they had been in the company of others who had discussed the possible outcome of the trial.

## WOMEN URGED TO HEAR BANK TALK

"Our Banks and How to Use Them," will be the topic of D. O. Kinsman when he speaks to the members of the Civics department of Appleton Women's club at the Vocational School at 4 o'clock Wednesday afternoon. Dr. Kinsman will explain the several types of accounts and their value, the ways and means of using the banks to the greatest advantage. Many women who have not handled their own banking and many of those who have their own checking and saving accounts will be interested in hearing this topic.

According to women who attend this department's meetings regularly, the topics discussed are the most interesting with which they come in contact. Attendance of many who signed up for the department has not been regular and others who have expressed a wish to hear the speaker have not found it convenient to make a start. It is the wish of the chairman, Mrs. B. M. Schumaker, that more women might be benefited by the speakers who will appear on the program for the remainder of the year.

## EMPLOYED BOYS CLUB FORMS BASKETBALL TEAM

The Employed Boys' brotherhood basketball team of the Y. M. C. A. will open the basketball season at the Y. M. C. A. at 8:15 Wednesday evening when they play the Young Mens team of Memorial Presbyterian church. The Employed Boys' brotherhood is said to have a good team and will enter into either the industrial or commercial basketball leagues conducted by the Y. M. C. A.

**Will Return to Appleton**  
Word has been received by friends of Henry Wolter, who was formerly a resident of Appleton, to the effect that he has sold his farm and holdings in Janesville and will move his family to Appleton and enter into business. Mr. Wolter was the original owner of the Wolter building on Appleton-st.

## STARKEY ATTENDING DIRECTORS MEETING

R. E. Starkey, physical director of the Y. M. C. A., left for Chicago Monday to attend the regional meeting of the presidents of Physical Directors society of the midwest. Important business will be transacted and constitution of the newly organized Mid-

dle West Amateur Athletic society will be adopted. Mr. Starkey is the president of the Wisconsin Physical Directors society.

**One Imperfect Package**  
One only mistake was made Monday in the "perfect package" drive. One shipper neglected to erase the old address on the package. There were 1,800 packages received for shipment.

## BEG PARDON

A wrong impression was given by a story concerning a football banquet in the Sherman house last week because a line of type was unintentionally dropped out of the article. The impression it gave was that J. D. McChesney would not return to Lawrence next year when the opposite is the truth.

## Why Guess About It— When You Can Know About It?

Suppose a guide said—

"This way there's a safe and pleasant road to your destination, with no risks or troubles on the way," and—

"That way there's a road that a good many have stalled on and turned back from, but you may get through."

Which would you take?

Postum is a thoroughly agreeable and satisfying meal-time drink, and you're sure that it's perfectly safe for health. Coffee contains drug qualities which disturb and harm the health of many.

Postum or coffee? Which road?

Why guess when you can know?

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes. Sold by all grocers.

## DOWLING ATTACKS U. S. EFFORTS TO PUT END TO WAR

Knights of Columbus Speaker Ridicules Efforts of Limitations Conference

Kaukauna.—"There has come to us as a result of the great war, a greater and sweeter patriotism than the country has known since the time our pilgrim fathers came to the shores of this land or since the day Washington fell on his knees in snow-clad Valley Forge and prayed for strength and guidance to win liberty for you and for me," said the Rev. S. J. Dowling in his address on "New Americanism" before a large crowd Monday evening in the auditorium. Father Dowling spoke under auspices of the local council of the Knights of Columbus. Proceeds derived from the meeting will be turned over to the local Red Cross.

"After every great upheaval in this world there follows a period of relaxation mixed with reconstruction. Oftentimes the physical, industrial, intellectual and sometimes, unfortunately, the moral reaction following a catastrophe is so great as to become a menace. In too many cases, the intoxication of victory is worse for the nation than defeat."

**MIND OUR BUSINESS**  
The speaker said it should be the prayer of every citizen to keep the Star Spangled Banner waving over the land of the free and the home of the brave. An American's first duty is to America. In plain words, Father Dowling said, America should mind its own business. The speaker rapped soundly the policy of the United States in spending billions of dollars which he said belonged to the masses, for American and Asiatic relief while in our own country there was such a crying need for relief.

"America has done enough for Europe," said the lecturer. "More than Europe will ever attempt to do for us. When we entered the war England, France and the rest doubted and Germany scoffed. Yet America the giant, unknown, untired, untrained leaped to the aid of life. It is no boast that America saved democracy for the world."

**RAFS WILSON POLICIES**  
Father Dowling cried out against the Wilsonian regime which he described as a group of dollar loving men who by words and pen fought the war, and dollar-day profiteers, who, while the buddies fought, were continually robbing the American people.

"Duty to country is service, not sickly sentiment such as is being shown now at the disarmament conference," the speaker continued. "The only conclusion reached in that meeting has been that the war was entirely unproductive of results. Now Hughes with his pink cloud words, is striving to take away the nation's only safeguard, the navy. Japan was an ally of England, but did you see any Japanese in Europe? That country looked out for Japan first, last and all the time and now, Japan the prepared, is really the country which is dominating the conference."

Mr. Dowling wondered why the army on the Rhine is not being brought home when the peace treaty between the two countries has been signed. He suggested that sooner or

## MERCHANTS PLAN DOLLAR WEEK SALE

Cooperation is Keynote Among Businessmen of Kaukauna—Show Spirit

Kaukauna.—Several merchants of this city are preparing to embark in a new enterprise, the dollar day sale, which has been tried out in many other cities, seemingly with good results. Saturday, Dec. 3 has been set as the date for the sale when all merchants who are in the enterprise will choose certain portions of their stock and put them out in one dollar lots. It is expected there will be cooperation among the merchants to an extent that a man will direct a customer to a store where a desired article is on sale should he not have it in his store. Stocks will be marked down in general but only certain articles will be singled out and placed on the dollar counter. This will be the first attempt of local merchants in the line of cooperative selling.

**WIZOIT CLUB**  
The Wizoit club met Monday evening at the home of Mrs. Fred Zethner, Mrs. James Garvey was hostess. The evening was spent in sewing and social entertainment.

**W. R. C. MEETING**  
The monthly meeting of the Woman's Relief corps will be held Friday evening in Odd Fellow hall. Regular business session will be held and a social hour will follow. The hostesses will be women whose birthdays fall within the month.

**SCHOOL SPIRIT WEEK**  
"No spirit-no school", a slogan composed by Marion Newton, won first prize in the slogan contest conducted as part of "better spirit week" in the high school. The week started off with a program which began at 8 o'clock. Esther Mann, a spokesman for the junior class which had charge of the first day's program, urged the cooperation of the whole school in making the enterprise a big success. Other speakers were Amy Bayorzen, Prof. W. P. Hagman and Prof. L. G. Schussman. Eugene Van Able's poster was judged the best and was given a place of honor at the head of the room, which was decorated by the junior class for the first day of the week. The freshman class had charge Tuesday.

**NURSE IS ILL**  
Miss Walsh of La Crosse, arrived Tuesday to take up her work as community Red Cross nurse in place of Miss Mary Nigl who is on indefinite leave of absence. Miss Nigl is at present at her home in Oshkosh, but

later America would mix up with Mexico, our geographical first cousin. Why not now, he said. The country could use the men who have been trained in the war besides giving employment to millions who are now roaming about trying to live.

## WATERTOWN MAN NOW HAS PLENTY ENERGY

Prominent Real Estate Salesman Gains Thirteen Pounds and Feels Sixteen Again—Starts Whole Family Taking Garren's Tonic

Mr. C. Roy Netz, so well known in Watertown, Wis., suffered with stomach trouble and a run down condition of many months standing is so grateful for the relief he has obtained through the use of Garren's Tonic he is anxious to tell others of his experience. "I suffered," says Mr. Netz, "with all of the miserable ailments that go with stomach trouble such as: heartburn, indigestion, constipation, nervousness, sleeplessness and loss of appetite, to such an extent that I could not bear the noise that my little children made playing around me. I had that gnawing sensation in my stomach which seemed to call for food, but could not enjoy my meals, for afterwards I would cramp so badly that I would double in a knot. Besides, I had dreadful heart burn and dizzy spells. I also suffered with constipation and at times my bowels would not move for three days."

"I had tried so many kinds of medicines without getting any relief what-ever, when a friend told me about Garren's Tonic. After the first two bottles I had considerable relief, my nerves began to calm down and best of all I can eat and enjoy my food without any ill effects afterwards. In fact my appetite has improved so much that my wife tells me I eat enough to keep five men up. I have gained thirteen pounds and feel as if I were sixteen again, thanks to this wonderful Garren's Tonic which I can't praise enough."

"To show how highly I esteem this remarkable preparation I have started my wife and children taking it also so as they are somewhat run down and I am sure they will get great benefit from it too. I will also recommend it to any one suffering from the effect of a run down condition."

Garren's Tonic is sold in Appleton by the Schmitt Bros. Co., in Kaukauna by E. A. Meyer, in Greenville by H. H. Schulze, in Dale by Abends Pharmacy, in Bear Creek by John W. Stadler, in Seymour by S. G. McCord, and by the leading druggists in every city.

## COUNTY ADOPTS HIGHWAY PLANS FOR COMING YEAR

Will Build Tool Shed to House  
County Machinery — Re-  
ports Are Read

The highway construction program for the season of 1922 will be carried out as planned by the county, state road and bridge committee, practically all of the work having been ordered and the necessary appropriations made at the meeting of the county board Monday afternoon.

The program met with very little opposition. An effort was made to cut down an appropriation of \$20,000 for the county, state road and bridge fund to \$15,000, but after it was explained that the money was to be used principally for purchase of machinery needed for the construction and patrolling of additional roads it was passed by a vote of 25 to 6.

An appropriation of \$13,000 for the building of a tool house and garage for the repair of county machinery also met with opposition, but this disappeared when George F. Fiedler, a member of the county, state road and bridge committee, explained present conditions.

**MACHINERY IS LOST**

He said that some of the machinery was stored in various parts of the county, but that a great portion of it was exposed to the weather. Under present conditions the county suffered a loss each year by pieces of machinery being loaned and never returned. By having the equipment under one roof and a record kept of every piece loaned he said the county would save a considerable sum each year.

A resolution asking for a 9-foot pavement on county trunk line E in the town of Freedom and petitions for placing certain highways under county patrol system were referred to the county, state road and bridge committee. This committee was instructed to confer with Kaukauna aldermen regarding the extension of a highway in that part of the county.

**URGE SALARY INCREASE**

The committee on register of deeds fees requested an extension of time to the January session because of changes in law with which it wanted to familiarize itself. A report of the district attorney on constable accounts was referred to the committee on justice and constable accounts.

The special committee consisting of Mike Mack, A. M. McCone and George F. Fiedler appointed to fix the salary of the stenographer-clerk in the office of the county superintendent of schools, recommended it be increased from \$200 to \$1,200. The report was laid over until Tuesday afternoon.

**CLAIMS REFUSED**

The eighth annual report of the sanatorium committee was read and placed on file. Chairman D. J. Ryan called attention to the necessity of appointing a trustee to the Outagamie-co. training school which had been overlooked. Several minor appropriations for bridges built during the year were made.

District Attorney Fred E. Heinemann disallowed several claims of the sheriff and explained his reason for doing so. He said the claims were due to a misinterpretation of the law on the part of that official who is now on a salary basis.

## Amateur Stars Making Real Comeback On Stage

To see Howell Thomas, well known real estate man and Lee C. Rasey, principal of the high school, both taking the parts of high school boys, and taking them in regular "kid" fashion, is worth the price of admission to "Their Tomorrows," the play which Rotary club members are putting on for the benefit of the Boy Scouts at Lawrence Memorial chapel Thursday evening, Dec. 1. The play is one of the three parts of the entertainment, one of which is a "Night in Camp," by the Boy Scouts themselves and the other a program by the Quality Quartet featuring "Judge" Waterman and "Billy" Eddy.

In the play, whose actors are prominent men and women from the city whose amateur theatrical careers are more or less far removed from their present performances, Mrs. John Engel, Jr., is the sister of Howell Thomas, George Packard is their father, Mrs. M. J. Sandborn and W. S. Ford are the mother and father of Mr. Rasey. The story of the play is woven around the lives of two boys, the one ambitious for an education, but father will not allow him to go to school and the other, contemptuous of learning, whose father is anxious that he have every educational opportunity.

Members of the Rotary club made announcements of the play at the high school and at several meetings on Monday. It was also announced at the college dormitories and fraternity houses. The Boy Scouts and a group of high school students began their canvas of the city on Monday preliminary to the opening of the reservations at 9 o'clock Wednesday morning at Bell's drug store. For the convenience of those who wish to buy tickets, a number have been placed at the clubroom of Appleton Womans club next to Hotel Appleton.

A group of high school girls will act as ushers for the play. They will be assisted by Girl Scouts in uniform. All arrangements for the play are being completed early in the week. The dress rehearsal will take place on Wednesday evening.

**CITY MAKES REPAIRS  
ON LAKE-ST. DRAWBRIDGE**

With the close of navigation, the street department is making some needed repairs to Lake-st. bridge which were not possible while the drawbridge was in use. The gears are being put into first class condition and other parts of the machinery and structure overhauled. Some work also is being done on South River-st. which could not be carried out conveniently while the boats were in operation.

## ASK BOARD FOR \$1,000 TO SAVE CABBAGE LOSSES

Cabbage Growers Want County  
to Provide Automobile for  
Cabbage Expert

Officers and members of Outagamie County Cabbage Growers association appeared before the county board Monday afternoon in an effort to secure an appropriation of \$1,000 to defray the expense of a cabbage expert to look after the cabbage crop for two years, the state agreeing to pay his salary in the event the county provided him with an automobile and with laboratory quarters. After a lengthy discussion, Supervisor John Schwammer suggested that matter be laid over until the January session of the board.

The delegation which included Phil Bixby, president, and Paul O. Nyhus, secretary and treasurer of the association, was given an informal hearing prior to the opening of the regular afternoon session at 2:30. President Bixby called attention to the meet-

ing of 150 cabbage growers in the city half two weeks ago at which the association was organized for the purpose of combating black rot and black leg and of the offer of the agricultural department to send a field man to Outagamie-co. to look after the growing crop.

### LOSE \$30,000 A YEAR.

Paul O. Nyhus estimated the loss to growers of the county from these two diseases at 10 per cent of the entire crop the valuation of which he said one year was estimated at over \$300,000. He credited Outagamie-co. with being the biggest cabbage growing county in the state. Both diseases can be treated in the seed and in the seed beds and can be easily detected in the young plants. It is believed that the diseases also come from the soil. Treatment of the seed destroys 95 per cent of the organisms, he said.

Members of the board, many of whom are cabbage growers, manifested interest in the proposition and frequently interrupted the speaker with questions. Supervisor Tracy said he understood farmers of Racine-co. were compelled to discontinue growing cabbage because of these diseases, but Mr. Nyhus informed him the trouble in that county was with a disease known as "yellows" which has not made its appearance in Outagamie-co. and his statement was borne out by W. C. Williams who made a tour of inspection of that county.

Mr. Nyhus stated the proposition meant investigation and control measures of blackrot and blackleg and he would promise nothing. He said the association was planning to get its seed from Puget Sound, where climatic conditions prevent these diseases and in this way it expected to eliminate impure seed to a great extent.

## Charm of Motherhood

**T**HERE are many homes once childless that now are blessed with healthy, happy children, because Lydia E. Pinkham's Vegetable Compound restored the mother to a healthy, normal physical condition.

The following letters give the experience of two young women and prove the value of Lydia E. Pinkham's Vegetable Compound in such cases.

Chicago, Ill.—"I was always tired, my head always ached, and my back ached until I could hardly stand the pain. I doctored for years, and the doctor said nothing but an operation would help me, and that I could not have children. A friend asked me to try Lydia E. Pinkham's Vegetable Compound. I took six bottles of it and it helped me wonderfully, and I now have a fine baby boy, thanks to what your medicine did for me in restoring my health. I can highly recommend the Compound to all women who suffer from female ills."—Mrs. W. R. Riss, 304 Willow St., Chicago, Ill.

Marinette, Wis.—"I was in a very nervous condition, was irregular, and could not have any children. I took doctor's medicine without success, and he advised an operation. My husband brought me one of your booklets and asked me to try Lydia E. Pinkham's Vegetable Compound. I soon felt benefited by its use, became regular, and now we have a fine baby girl after having been married nine years. I am always glad to recommend Lydia E. Pinkham's Vegetable Compound to my friends who suffer from such troubles."—Mrs. H. B. Hein, 330 Jefferson St., Marinette, Wis.

**U. S. ROYAL CORD TIRE**  
Unquestionably the outstanding merchandising success of the year—both in the eyes of the trade and of the car-owner. When the U. S. books close for 1921, they will show U. S. Royal Cord sales nearly doubled over 1920. What U. S. Tires say and do commands a greater audience than any other line of tires in the world.

## Where is the tire dealer headed for in 1922

ALONG about this time of the year the tire-dealer is a much called upon man. Probably a dozen different "Agencies" for a dozen different tires are hopefully spread before him. But when he gets off by himself and starts to think he finds out that most so-called Agency Franchises are hardly more than permission to invest his money in this brand or that brand at his own risk.

Consider now—not what is said in behalf of the U. S. Tire Sales and Service Agreement—but what it does. Consider general conditions for the past year. And note everywhere that U. S. Tire dealers have been the least affected of all. Observe how generally the U. S. Tire dealer is respected. Not alone by the public but by his local competitors. The U. S. Tire dealer always knows where he is at. Right now—or in making his plans for 1922. He can always put his hands on the U. S. consistent merchandising policy.

Where the U. S. Sales Franchise separates from the rest and asserts its prerogatives are in these things—

- It brings to the dealer's store the greatest and most loyal tire-audience anywhere.
- It supports the dealer with the most constructive and courageous publicly expressed policies today.
- It carries the prestige of the U. S. Royal Cord Tire and the "USCO" Tread.
- It is the most sought after Franchise in the whole tire trade.

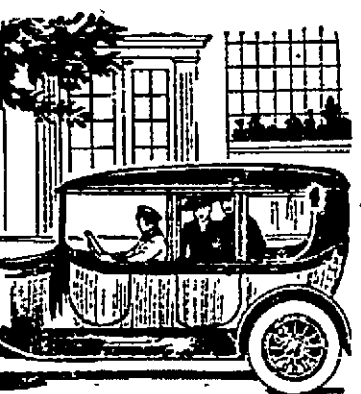

U. S. dealers will be the ranking tire-merchants of 1922. Not only in profits returned, but in local reputation as business citizens.

## ROHM - BALLARD BATTLE NOW ON BEFORE BOARD

Committee of Three is Appointed to Investigate Ballard's Charges

The personal enmity between some members of the board and Otto I. Rohm of Black Creek was brought to the attention of the county board Monday afternoon when John Schumann, Center, introduced a resolution charging Mr. Rohm with drawing an excessive salary as county and state patrol superintendent and calling for the discontinuance of his office and for an investigation as to whether he had drawn his salary for time spent in attendance at meetings of the American Society of Equity at Madison. In such event the resolution recommended the county be reimbursed.

The introduction of the resolution was followed by the reading of a statement from Mr. Rohm in which he emphatically denied that he had received any money from the county or state for time he had been off duty and further stated he had always notified the highway office of his absence. He requested an investigation of the records of the highway office and for such purpose the chair appointed a committee consisting of J. L. Hettinger, John W. McHugh and William Beck.

The statement was received and placed on file. Mr. Rohm was invited to appear before the board and insisted upon Mr. Ballard informing the supervisors how many times he had seen him at Madison. Mr. Ballard recalled one occasion but was unable to state definitely how many other times. Mr. Rohm informed the board he had been at Madison three times

## Get Chicago Grand Opera By Wireless

It will not be long before Appleton music lovers will be able to enjoy grand opera without leaving town during the season of the Chicago Opera Company. Local people soon will join the throngs of telephone fans who nightly are given a treat over the wireless telephone.

## Johnson Society Orchestra Will Play at Rainbow Gardens From 8 to 12 Every Night

The famous stars of Mary Garden's opera company soon will be heard here.

The Chicago Opera Company is nightly playing to an audience of 50,000 wireless telephone music lovers. They are scattered within a radius of 1,000 miles of the theater. From the small transmitter hung in the Chicago auditorium, opera is distributed free via the Commonwealth-Madison radio station to anyone who cares to listen in with their own outfit. New York and Texas have reported clear hearing.

Miss Garden, general director, says she wants everyone to hear grand opera and furnishes these programs to the outside public every evening excepting Friday and Sunday. A "350 meter wave length" is used.

during the summer and that he could furnish the exact dates. He further said he notified the highway office each time of his absence.

## Workshop Of Santa Claus Is Busiest Place In City

Toy Company of America Has More Business Than It Can Take Care Of

When we were kids we were told that Santa Claus had his workshop at the North pole, with reindeer nosing at his doors and curved runner sleds parked outside in the snow. Our "picture books" showed Santa, with long white whiskers, smiling eyes and tassel hat, deftly putting a dab of paint on a brown haired doll while a profusion of wooden elephants, stuffed dogs, small sleds and little wagons were scattered about. That was our conception of Santa Claus' factory when we were kids.

The present day Appleton youngster, however, knows that Santa Claus' workshop is much nearer at hand, so near in fact that he can visit it if he is so inclined. The Toy Company of America calls itself "America's Santa Claus" and it surely has earned that title in the last few weeks. If Santa Claus ever had more toys or showed more industry in his North pole plant than is shown here he deserves a basket of medals for being the industrial king of the world.

80 PERSONS EMPLOYED

About 80 persons are employed by the Appleton Santa Claus. This number includes several young women who have shown amazing skill with the paint brush and who can decorate juvenile furniture and tin toys with almost incredible speed and dexterity. A year ago only 16 persons were employed in the plant and it occupied only about half as much space as is now required.

The plant is located in the building owned by the Great Manufacturing Co., occupying the entire basement and about half of the ground floor. The company needs twice as much space as it is using but does not in-

tend to erect a new plant until it can do so on its own capital.

Although the first shipment was not made until last May some firms have repeated their orders seven times. The company now has enough orders to keep it busy for weeks and doesn't want any more business. It is just about as busy in the summer time as it is now. Its business now aggregates between three and four hundred thousand dollars a year and expects to boost it over the half million mark in 1922.

MAKE WOODEN TOYS

Wooden toys, which is all that is made in the plant, are sent to every state in the union. The company is emphasizing the marketing of juvenile furniture and the demand for that class of goods is very large.

Toy making, light automobile manufacturing, is an exact science and the local company has applied scientific knowledge to its business. It has learned what the public wants and it is turning out those things in immense quantities.

Speaks in Oshkosh

Paul Nyhus, farm agent of First National bank of Appleton, was the principal speaker at the meeting of the Century club at Oshkosh last Saturday.

PRESBYTERIAN CHURCH

Rev. Ernest W. Wright, our new pastor is expected to arrive in Appleton, Wednesday, Nov. 30. It is hoped he will lead the midweek meeting, 7:30 P. M. Thursday.

There will be Sunday services at 11 A. M. and 7:30 P. M. At the 7:30 P. M. service a male choir, which has been in training for several months, will make its first appearance. Come and help us welcome Mr. Wright.

## 13 APPLETON BOYS AT STATE MEETING

Ten registered delegates and three other persons represented Appleton at the Older Boys conference in Milwaukee last Friday, Saturday and Sunday. More than 800 delegates from different sections of the state were in attendance. Two hundred students from the colleges of the state were also present.

La Crosse was selected to entertain the next state conference.

The Appleton delegation was under the leadership of J. E. Dennison, boys secretary and A. P. Jensen, assistant physical director of the Y. M. C. A. The registered delegates were Harlan Hackbert, Henry Wood, Alden Behnk, Carl Packard, Resborn Bohm, Philip Sutherland, Wallace Marshall, A. R. Davis and Robert Pugh.

## URGE ONEDIA FARMERS TO RAISE MORE POTATOES

At a meeting held at the Onedia State bank, Onedia, last week, it was decided to encourage the raising of seed potatoes in the vicinity of Onedia. Before adjourning a resolution was passed to call a meeting Dec. 1 in Metoxin's hall, Onedia, to further discuss the project.

It was said that the soil around Onedia is specially adapted to the raising of high quality potatoes. Bankers of that city are willing to back the farmers in growing a better crop and will assist them in the erection of a large potato warehouse.

J. N. Kavanaugh, Brown county agricultural agent, is preparing plans to further the work for better and more potatoes. All farmers are invited to the December meeting.

## FIND "STILL" IN SHANTY NEAR DALE

Following the discovery of a smash in a ditch near Little Lake Winneconne, Mr. and Mrs. Charles Franzen were arrested and arraigned in municipal court in Oshkosh charged with illegal manufacture and sale of intoxicating liquor. Preliminary examination was held Monday. The couple reside in Butte des Mortes and were tipped off to Sheriff Golz, who made the arrest, by a farmer living in that vicinity.

At the time of the discovery of the smash the sheriff failed to locate the "moonshine" but it was found after a searching party went out to a spot about a half mile from Dale. Soon the party came upon an old shanty in the woods and in it found two complete stills made from copper wash-bolers. Vinegar barrels cut in half formed the containers for the cold water through which the coils were run. There were also a half dozen empty vinegar barrels all smelling strongly of "moonshine."

## APPLETON WOMAN IS ASKING FOR DIVORCE

Though Frank L. Lambie is not contesting the granting of a divorce, which his wife is seeking on grounds of cruel and inhuman treatment, he is asking that the court make a determination of his property rights and those of his wife, Laurie. The trial of the divorce action was begun last week in Oshkosh and after several witnesses for the plaintiff were heard a continuance until Dec. 3 was ordered. Mr. Lambie is a resident of the town of Viland. Mrs. Lambie, who now lives in Appleton, is asking the custody of the two daughters, seven and five years of age. Attorneys in the case are D. K. Allen for the plaintiff and F. J. Rooney for the defendant.

## LETTERS TO LOVERS

### Love And Bankruptcy

By Winona Wilcox

Her envious friends regarded her love solitaire and estimated its cost.

"Are you going to do your own housework?" asked the homely girl.

"Do I look as if I was?" The gentle bride-to-be tilted her pretty nose.

"What do you suppose I'm marrying for?"

What she implied didn't seem to shock her friends in the least, but it set her poor husband, six months after the wedding, to writing this:

"Blessed be mother-in-laws! If it were not for mine, I wouldn't have a home-cooked meal once a month."

"Before I married I had visions of peace at home after a hard day. I expected a good dinner—and then a nap and a book. Now I find myself eating down town as always in bachelor days, and instead of my book, I'm hauled off to cards, or a dance or a show or the movies."

"I ask Friend Wife to sew on a button. She replies that I did it in the war—and have I forgotten how?"

"The washing goes out of the house, the bread and cake and pie come in from the bakery. Nobody scrubs, nobody mends, nobody dusts at our house."

"Indolence never did make a hit with me, but as the girl I married worked two years in an office, how was I to know she'd turn out plain lazy in her own home?"

"I bring her a nice pay envelope. I do my share. Why don't she do hers?"

"She didn't marry to do her own housework?" That's why.

Man's stock has gone above par, not because of war's slaughter, but because of the exploitation of the male for the female's support is a cult with a certain class of women. It is not a new cult. It is not a new class. Parasitism always has existed, but perhaps never has it flouted itself so boldly as now.

One way, man is himself to blame. Helplessness makes a great part of the juvenile charm which is now so desired in sweethearts. Girls like to consider themselves utterly irresponsible, for so, they fancy with some reason, man likes them best before marriage.

The butterfly ideal of feminine perfection doubtless works its pernicious spell as well as any other, but after marriage, if the husband has ordinary business ability, he begins to count the dividends of matrimony.

When he brings a fat pay envelope to a house in which chaos rules, he lives indignantly at a littered living-room and a dirty kitchen make a poor background for a pretty wife. He says so and then the best critic he doesn't love her any more; and the man wonders why he ever loved her at all!

There's only one way out: the wife must stop shirking.

Marriage is a fifty-fifty proposition. The goal of love himself will go bankrupt on any other basis.

## Candy Easy To Make

Most of the Christmas candies require so much beating that small folk find it impossible to include a box

of candies in their gifts.

However there are many candies that require no beating or delicate handling. The English toffee is easily made and much liked by both grown-ups and little butter scotch is always a favorite.

**TOFFEE**

Two cups light brown sugar, 2 tablespoons water, 2 tablespoons vinegar, 3 tablespoons butter.

Put sugar, water, vinegar and butter into a smooth sauce pan. Let stand a few minutes until sugar is partially melted. Put over fire and bring to boiling point. Do not stir. Let boil until the sirup thickens. Pour very little into a cup of water. If the sirup forms strings that snap when they strike against the cup the toffee is done. Pour into a well buttered tin and let stand till cool. Crease and let harden. Then break into sections formed by the creases.

**BUTTER SCOTCH**

Six tablespoons brown sugar, 4 tablespoons molasses, 2 tablespoons butter, 1 tablespoon vinegar, 1 teaspoon soda.

Put sugar, molasses, vinegar and

butter in a sauce pan. Bring to boiling point and let boil without stirring until sirup cracks for at least an hour. Stir in the soda and remove from fire. Pour into a well buttered tin and let stand till brittle or drop from the tip of the spoon onto a marble slab, making thin round wafers. The wafers require quickness in dropping, for the butter scotch hardens rapidly.

**CHOCOLATE TAFFY**

Two cups light brown sugar, 1 cup water, 1 tablespoon vinegar, 4 tablespoons butter, 2 squares Baker's chocolate, 1 teaspoon vanilla.

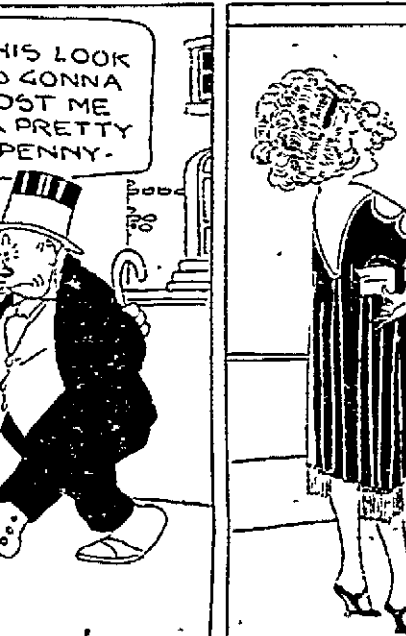

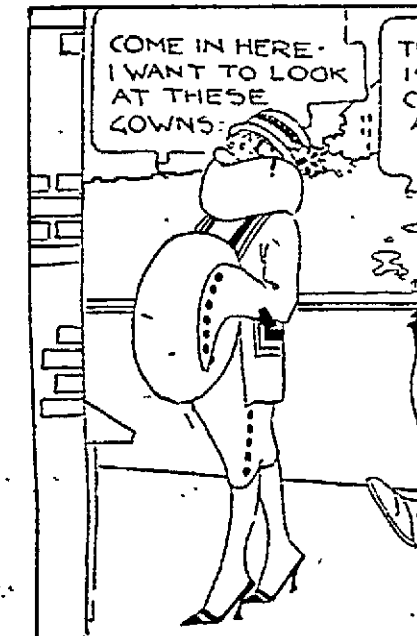

Put sugar, water and vinegar in sauce pan and bring to the boiling point. Let boil without stirring for twenty minutes. Add butter and chocolate. Boil until sirup snaps when dropped in cold water. Do not let sirup boil hard with big bubbles. Let it simmer and do not stir at any time. It should take about half an hour to cook. When cool enough to handle add vanilla. Pull the edges of the candy over toward the center to work in the vanilla. Then pull till hard. Cut with big shears rubbed with butter.

**PEANUT CANDY**

Two cups granulated sugar, 1 cup peanuts.

Put sugar in an iron frying pan. Melt over a slow fire, stirring constantly. When the sugar makes a sirup add the peanuts and pour into a well buttered tin. Cool and crease and break on the creases when cold.

## Adventures of the Twins

Oliver Roberts Barton

A Voice

Nancy and Nick went around to Lorry Lobster's side door where they had seen Lorry staring at them. Nobody had answered their ring at the front door of Lorry's house in the sea-weed grove at the bottom of the ocean and it made them pretty cross.

Nick stuck out his chest as far as he could, he had the badge pinned on, that Cap'n Pennywinkle had given him and tried to look important. "Hello, Lorry," he said loudly, "why didn't you let us in?"

"Yes, why didn't you?" repeated Nancy sternly, shaking her finger to emphasize her words. "And don't stare at us so!" Nancy was being very brave for the two claws that were resting in the sand in front of the lobster were big enough and sharp enough to pick-up a Twin in each of them and snip them quite in two, like a pair of scissors. Indeed,

Lorry's claws were as big as all the rest of him.

But Lorry never moved. He never even winked one of his goggle eyes. He kept on staring coldly and impudently.

"You'd better answer us," cried Nick, losing his temper, and, I'm shocked to say, stamping a foot. "If you don't, Cap'n Pennywinkle will come on his sea-horse, Curly, and you'll be sorry."

But Lorry merely started.

Nancy pulled Nick's sleeve. She'd heard that very quiet people can sometimes do things very quickly and unexpectedly, and Lorry's claws did look sharp.

"Let's go," Nick turned reluctantly, and off they started, but as they passed a hole in the big gray rock a voice called out. "I saw you at my front door. Did you want me?"

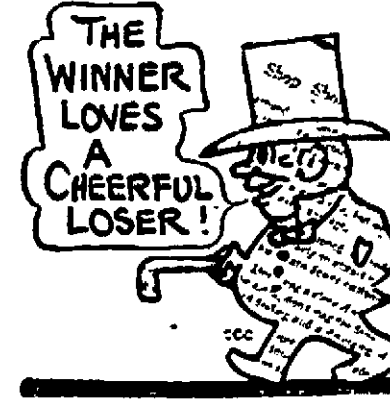

"Who are you?" called Nick.

"I'm Lorry Lobster," answered the voice.

# Five Lawrence Men Are Entitled To Places On Any All State Eleven

Stark, McGlynn, Smith, Hunting and Basing Have Earned Places On Mythical Team—Gustin Deserves Captaincy of Squad.

It is an easy matter to sit back and criticize the work that another man has done and sometimes it is bad taste to do this criticizing, but it appears to the Post-Crescent that Clarence Abendroth, Milwaukee football "expert," left himself wide open to criticism when he picked five Ripon men for the mythical "All State" team and left Lawrence, conference champions, down with three men on the honorary eleven. The his selection of men, regardless of the team with which they were picked, is questioned by many football followers of the state.

Abendroth picked Schneider of Ripon, and Schacht of Beloit, for the ends. Schneider without a doubt deserves the recognition as he is one of the best ends ever developed in the state. But why Schacht was picked is a mystery. His teammate, McCarthy, played a better all around game than Schacht, but was eliminated from consideration because he was discharged from the team for professionalism. Stark, Lawrence, easily ranked second to Schneider and in some respects was the Ripon man's superior and should be given one of the end positions on an honorary team. Stark was handicapped by injury much of the season but played a wonderful game in spite of the drawback.

**PICKS STRONG GUARDS**

There is hardly any question about Abendroth's selection of Jerdee, Ripon, and McGlynn, Lawrence, as tackles. They were the best men in the conference. Blackburn, Lawrence, ranked high among the tackles and deserves the position he was given on the second All state team.

Many football followers will argue that Abendroth erred in his selection of guards. He picked Gunderson of Beloit and Dahlgren of Ripon for the positions. Gunderson probably earned the honor but neither man played as consistent a game as Hunting of Lawrence. The local man surely is entitled to a place on the squad. His mate, Ketchum, played a consistent game and is deserving of a place on the second team.

It is quite generally agreed that Smith, Lawrence, is the class of the conference centers. He outplayed every man he faced this year but was not nearly the fighting terror he was a year ago. Hunting, playing center in one of two of the games, measured well up to Smith's standard, and had he played center on an opposing team this year would have given the Lawrence captain a run for honors.

**ALL PICK GUSTIN**

Gustin is the unanimous choice of every critic for quarterback and captain. He is the class of the conference and is a triple threat to every team he faces. He can run, throw and punt and does them all well. In the last two games with Lawrence and Beloit he was so thoroughly covered he was unable to show anything but his general all around ability and generalship makes him a real star.

Selection of Radebaugh, Beloit, and Kubitz, Appleton, as halfbacks, is open to question. Kubitz, great player that he is, did not rank with Basing and Goan of the Lawrence squad. He was unable to get going this year and his mates outshone him. Basing surely is entitled to a place on the all state team for his great work, against Northwestern, Ripon and Carroll. In the Ripon game he punted even with Gustin and was the only member of the Appleton backfield to play the entire game. He is one of the most consistent ground gallopers in the conference.

**GOAN IS CORNER**

It is a tossup between Addie and Radebaugh, both of Beloit, for the other halfback position, with Radebaugh something of a shade. They rank above Goan and Bettcher of the Lawrence squad only because of their experience and ability on the defense. Goan is a faster man on the gridiron than either of the Beloit men and probably is more dangerous to the opponent but lacks experience in defensive play.

Trantow, Ripon, is entitled to the fullback position. He is an excellent line plunger and a splendid defensive player.

The team selected by Abendroth, with the changes mentioned above, is the opinion of the Post-Crescent, is the strongest that can be picked from the conference.

# "THREAT" PLAYER KEEPS OPPOSITION FROM GETTING SET

Many Changes Have Been Made in Football Tactics in Last Five Years

By Billy Evans

Football has undergone some rapid changes in the last five years. The forward pass has entirely revolutionized the coaching system. The coach who has failed to keep up with the times is lost.

That is why some of the coaches, who were regarded as the last word a few years back, are now failing to deliver. The forward pass has upset a lot of set coaching rules. The coach who has refused to be modern in his methods has suffered.

During the last two or three years the attacking power of the weak-coached eleven has reached such a state of efficiency that coaches no longer try to develop a positive defense against the aerial plays.

In order to better mask the offensive play, a great many coaches are continually striving to develop what is known as the "threat" player. Such players tend to keep the opposition constantly in the air, because of their ability to do all things well.

The "threat" player is a versatile star who can run, pass and kick with equal skill. Usually he starts all plays from similar formations. This of course makes it very difficult for the opposing team to diagnose what is coming next. Take the recent world series. Babe Ruth was the big threat of the New York Americans. When he passed from the lineup, the Giant pitchers had nothing much to worry about.

The "threat" player in football really is the introduction of the change of pace of the ball field to the gridiron. The victory of Center College over Harvard was an example of the real value of the "threat" player. Harvard expected McMillin to throw a forward pass any time he received the ball. McMillin invariably ran with it through a broken line, and once got away for the winning score of the game.

## Sport Views And News

Damo Rumor has it that the West Point Cadets tied the can to the army goat after the game through with a 7 to 0 win in the annual game. It's always the case somebody has to be the goat and so long as the team-to-be soldiers take their vengeance out on the goat and leave the players, there is something to be thankful for after all. It might be a good idea if some other events that we know of adopted a goat as a mascot.

With the football season just about on its last legs, attention is turned to basketball and the knights of the court are bobbing into the limelight. The race for the cage title promises to be a close one in the Western conference but we've got an idea that Coach Meanwell's Badgers will be up among the leaders when the curtain is pulled down. The Cardinal had previously a veteran quintet back on the floor.

The selection of all western football teams are appearing daily in the papers and Wisconsin appears to be getting its share of glory although some surprise has been kicked up over the failure of the experts to give Bunge, the big Badger center much consideration. Bunge was one of the mainstays of the Cardinal line up and throughout the season his passing was superb. Elliott and Williams are the two Badgers most frequently named on the star teams.

Here's another setback for Father Time. "Pudge" Hefflinger, 53, who in the olden days was a griddle star in the first water, got back into the cage Saturday in a benefit game at Columbus and battled against "Do" McMillin, Chick Harley, and other stars. During the fracas he dislocated his shoulder but the M. D. pulled the injured member back into shape and he carried on. May be the old timers were a bit tougher than the stars of today. You can never tell.

## WOMEN BOWLERS ROLLING WELL ON EAGLE ALLEYS

Over at the Eagle bowling alleys there are a number of women bowlers who will make the best male stars in the city step "right lively" to keep ahead of any procession in which these women bowlers want to get in. Miss Verwer startled the men last week when she hit the wood for a count of 29, and copped a prize for the highest score for women during the week.

Other women who rolled high scores were Miss A. Schafelke, 166; Miss H. Shafelke, 153; Miss J. Meyer, 153; Miss Welhouse, 152.

C. Currie led the men last week with a score of 246. Other high scores the last three weeks were E. Koerner, 233; Ward, 235; C. Currie, 265.

# Benny Donates Services In A Charity Fight

New York—Benny Leonard is going to fight here tonight—free. He appears in a benefit for a Jewish hospital. The affair is scheduled for six rounds. Oh, yes, the other gentleman in the ring will be George Ward of Jersey. Ward is a hard hitting welterweight with phenomenally long arms and some there are who think he may floor the champion, but it's not a very good betting proposition.

Leonard of course has everything to lose and nothing to gain in a bout like this and he is not likely to take any chances. Most of the other boxers on the bill are getting paid for their tricks. Ward, for instance, expects to draw \$7,500 for his 18 minutes work. Benny has not had to make the weight for this fracas and he probably will go into the ring about as hefty as George who is a natural water. Incidentally, Benny has just refused an offer of \$75,000 to meet Jack Briton, the welter champion, in Cleveland next February.

Tommy McGinty, boxing promoter, of Cleveland made the offer to Billy Gibson, Leonard's manager and unless \$75,000 has lost a lot of its persuasive power in the last few minutes, the bid probably will be accepted.

## LEAGUE CAGE TEAM PLAYS FIRST GAME

George Dame's team of the Central Wisconsin Basketball league will tilt off the cover of its local season Tuesday night when it meets the Interlake Pulp and Paper Co. squad in a practice game in Armory G. Dame has a large number of candidates for positions and expects to give all of them a trial.

This will be the first opportunity offered Appleton to see its representative in the new league. No admission will be charged to the game. It is believed that a large number of fans will avail themselves of this opportunity to give the "once over" to the city's first professional basketball team in several years.

## SUZANNE PEEVED OVER STORIES OF HER CONDUCT

By United Press Leased Wire

Paris — Mlle. Suzanne Lenglen, French tennis star, indignantly denied at Nice Tuesday the charge that she had "danced the same day she collapsed on the American tennis courts." She claimed she was still under the care of a doctor.

The French papers have ignored the reports that the French star "faked her illness in America for fear she was going to be beaten." Only one paper printed the story.

## SALTS FINE FOR ACHING KIDNEYS

We Eat Too Much Meat Which Clogs Kidneys, Then the Back Hurts

Most folks forget that the kidneys like the bowels, get sluggish and clogged and need a flushing occasionally; else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine.

This famous salt is made from the acid of grapes and lemon juice combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

# RED SOX TOO FAST FOR INDIAN SQUAD

The whistle sounded and five more Indians bit the dust dead on, for it was a hard-fought battle, but the story of the first Appleton game of two basketball teams from the recreation department of Appleton Women's club. The Indians played the Red Sox at Armory G Saturday evening as a curtain raiser game for the Interlake-Foresters game. The Red Sox, with Gladys Krahnhold making each of their 16 baskets, won with a score of 22-12. Virginia Johnson was the star for the defeated Redskins.

It was a furious battle and the players came out of it the worse for skinned knees, dust begrimed bloomers and tousled hair. The teams had had very little time to play together prior to their Saturday's appearance since they have been working out most of the time since the beginning of practice in October and no regular teams had been picked. The Women's club recreation department expects to have two good teams which will be available for outside games.

## TWIN CITY BOOSTERS GET OFF TO FLYING START

The Twin City Boosters of the Central Wisconsin Basketball league opened their season at Neenah Wednesday evening when they defeated the Indian Aces of Plymouth, 31 to 27. The first half of the game ended 23 to 10, with the Redmen on the short end. The Aces led by Big Chief Steffas, rallied during the second half and scored more points than the Twin city aggregation. Spangler starred for the legion men. The game was featured by several long shots made by the invading Redmen and which closed up the gap in the score.

# WEST POINT AND NOTRE DAME WILL MEET AGAIN

Notre Dame is to play West Point after all. The alleged break was due to the trouble between Major Daly of West Point and Coach Rockne of Notre Dame. Daly, the former Harvard star, coaches the West Point eleven. During the Notre Dame and West Point game, in which the Army was beaten 25 to 0, Daly several times offered strenuous objection to the shift play as used by Notre Dame, and became involved in several arguments with the officials as well as Coach Rockne. It is claimed that he himself stated Notre Dame would be cut from the Army schedule. Evidently everything has been patched up, as the Army schedule for 1922 will include Notre Dame.

NOTE—The test at Lawrence Memorial Chapel was made by Glen Ellison, the world-famous Scotch baritone. He compared his living voice with its Re-Creation by the New Edison. There was no difference between the living voice and the Re-Created voice.

The New Edison stands absolutely alone in this achievement; no other phonograph has ever sustained this test of comparison.
